

# Healthē<sup>®</sup> Box

## Personal UV Sanitizer

**All the benefits of soap and water,  
but without the mess!**

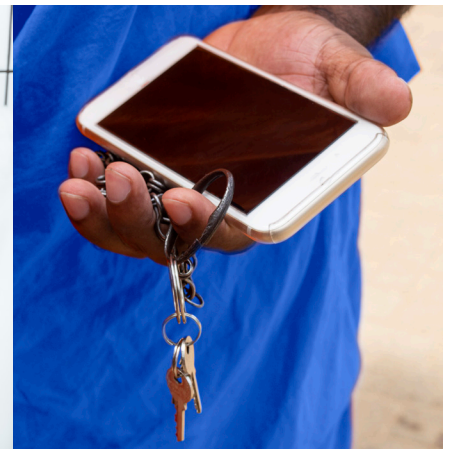

Your frequently used items, such as phones, wallet, make-up brushes, and keys, may be carrying more germs than you can see! The Healthē<sup>®</sup> Box can provide a safe, simple and convenient way to sanitize commonly used personal items. True to our mission of using light to enhance health and wellness, Healthē welcomes this partner product into the Cleanse family.

The Healthē Box utilizes ultraviolet (UV) LEDs to start a quick, 3-minute chemical-free sanitization process that reduces germs and inactivates up to 99.9% of surface microbes. Compact in size, the Box can be placed anywhere in the home or office. It's a simple and effective cleaning solution for today's busy world.

## Applications

Surfaces of frequently used items can be infested with germs and other harmful microbes. With a simple push of the button and a quick 3-minute cleaning cycle, the Cleanse Box provides a safe and effective option to sanitize personal belongings, such as glasses, wallets, watches, phones, beauty and cosmetics instruments.
